^[D] All standard cast fascia brackets have matching cast flush mount downspout brackets in both 3" & 4". See page 9 for details.

Cast of molten brass and aluminum one piece at a time, our nine styles of standard fascia brackets have a feel that comes straight from the blacksmith's anvil.

All Cast Fascia Brackets are available in solid brass and chromated aluminum. Chromating is an industrial primer for aluminum castings, making the brackets ready for paint. Chromated items must be painted.

Adorn your home with Classic Gutter Systems. We have a wide range of colors, metals, and choices to suit your every need. It's like 'jewelry for your home'.

TESTIMONIALS

I have been in the construction business for most of my life, learning from my dad. One of the most important things I learned from him was taking pride in my work, paying attention to detail and giving your customers a quality job both in labor and material. When my dad retired and I took over, his work ethic became mine. One product that we have used is Classic Gutters, because of the different choices in the size and material for the gutters and the options in brackets for hanging them right down to the downspouts. It is a quality product that you can depend on.

- Tom Silva, Silva Brothers Construction Inc.
Reading, Massachusetts

As an artisan, I am commissioned to add artistic features to homes. Classic Gutters enables me to offer a product to my clients that is of superior quality and is architecturally beautiful. The service by the staff must not go unmentioned - it is superb.

- Joel Misita, Misita Designs
Natchez, Mississippi

From day one, we have found Classic Gutter Systems to be so helpful for all our projects. We have used them for 15 years. Their sales staff is very helpful and the shipping department does a nice job packaging all of their products. My own house has Classic Gutters on it!

- Bill Worth, Worth Seamless Rain Gutters Inc.
Derby Vermont

Classic Gutters offers outstanding personalized service, a terrific durable product. I am always complimented on the quality and look of the residence.

- Kevin Lyons, West Nyack, NY
Roofs of Distinction by HAYDEN-LYONS LLC

"Gutter hanging made easy" This has to be one of the most historically pleasing gutter systems in the world. The video gives you the confidence to do it yourself! The best!

- Mark Wrench, home owner
Kalamazoo, Michigan

Being from the mid-Atlantic area, with all the colonial houses and southern charm, we have seen a higher demand for half round gutters in recent years. Classic Gutter Systems has a fantastic line of products with an incredible number of unique castings. Their system helps us meet this demand by giving us unlimited design choices, and their customer service is second to none, always helpful with my best interest at hand.

- Dennis Cunningham, Installed Gutters
Charlotte, North Carolina

We couldn't be more pleased with Classic Gutters. We have always admired and respected you as the quality people you are and the standards of excellence you maintained from ordering to receiving your products.

We also want you to know how much we appreciate the great selection and quality of your products, as it brings distinction and value to our customer's homes.

- Ralph and Dominick Palermo, Rain Control Aluminum
Naples, Florida

Our company has fabricated and installed custom architectural metal and custom gutters for nineteen years. Classic Gutter Systems has helped us out many of those years. The sales and service staff are great to deal with. The product is impressive and easily adaptive.
